Company Profile

Company Profile

Papadimitriou S.A. is a family-run business based in Thessaloniki, which counts lots of years of experience since 1972. Our object is the import, export, marketing, representation, production and process of spices, aromatic plants, raw materials for the food industry and especially for the meat processing industry. With respect and love for the industry, we ensure the quality of our products and we are evolving, focusing basically on exploring and satisfying the needs of the food industry. Based on international quality standards in production and service, we have been consistently supplying our products to our customers in Greece and abroad. By winning their trust, we maintain long-lasting partnerships through a neat, friendly and open way of communication.

Facilities | Personnel

Our company is housed at a modern privately-owned area of 3,000 sqm in the IA of Sindos, which includes, among others, the production area, the warehousing, the quality control area, and the seminar/kitchen room for education and the presentation of any new products. Our trained staff can guarantee the quality of the processing and management of the products, the continuous exploration of new technologies, as well as the timely and complete service of our customers. The trust that exists between the employees of Papadimitriou S.A., form a healthy working environment that is definitely displayed in our relationships with our partners and customers.

THE COMPANY IS CERTIFIED BY

Packaging | Private Label

Our packages are carefully chosen, according to the items they contain, so they can preserve our products unaltered and unaffected. In order to serve different needs of each customer, our products are available in various types.

Understanding the need for growth and development of every company, Papadimitriou S.A., allows you to apply your own private label in the desired packaging, thus forming the finished product according to your own needs.

R&D Department

The modern food industry is a field that requires our own vigilance and improvement. With us aiming to be at the heart of the evolution, our workshop is constantly conducting researches about new products, new technological media and improved production process.

Quality

Our company's main focus is to ensure the quality of the products it manages. In compliance with the hygiene and safety rules, we have developed and implemented Food Safety Management System according to EN ISO 22000: 2005, I.F.S. and HALAL. Papadimitriou S.A. also holds a certificate of disposal of organic products. Our long-term agreements with selected foreign firms and the careful assessment of our suppliers, achieve the high quality product ranking levels, that are in line with our customers' requirements.

Spices

Derived from dried plant parts such as leaves, fruits, cortex, roots, etc, spices are a magic contribution of nature to gastronomy. Their discrete existence is critical to the final taste of any preparation. Papadimitriou SA ensuring for years the quality of its spices and carefully assessing its suppliers around the world, brings the flavors from every corner of the earth to your meal preparations.

Combi

Innovative combi systems are complete blends used in meat preparations, aiming at your own fast and quality service. These are combinations of all the necessary ingredients for the individual meat preparations, which stand out for their unique flavor and function. The great advantage of using them is the incredible convenience they offer, coupled with the success they guarantee for the result. With our basic priority to meet your own needs, it is possible to customize and diversify the blends according to your wishes, creating prescriptions for your preparations as you imagine them.

Marinades

Marinating meat is one of the oldest techniques we encounter in the history of gastronomic art. Using our knowledge and know-how, we have created a range of Liquid Marinades suitable for every type of meat and cooking style. With the right combinations of spices, aromatic plants and oil, liquid marinades will make the meat tender and show off its flavor. We also offer a range of Marinades in Dehydrated Form. Suitable for all baking applications, they are one of the most important cooking aids, since with the simple addition of oil, they offer the most juicy effect. They will highlight the taste and texture of each meat, while giving a clear aromatic character.
